# WARNING & SAFETY

Observe the following warnings and safety instructions to reduce the likelihood of serious or fatal injury. Save these instructions for future reference.

WARNING: CHOKING HAZARD. CONTAINS SMALL PARTS. ADULT ASSEMBLY AND SUPERVISION REQUIRED.

- Drowning Hazard- Adult supervision required at all times
- Do NOT allow children to assemble this sprinkler on their own - Adult supervision required.
- Do NOT allow children to climb or swing from the sprinkler.
- Never leave children unattended while the sprinkler is in use.
- Do NOT attempt to move the sprinkler while the sprinkler is in use, or filled with water.
- Ensure all connections are secure before filling with water.
- Surfaces may become slippery; ensure proper precautions are taken.

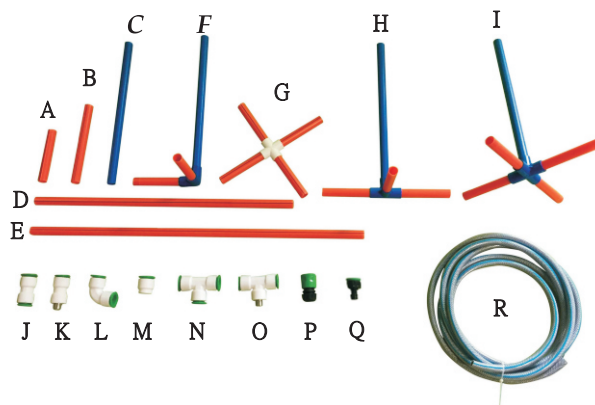

## Important:

- The sprinkler's force of water is affected by different water pressures.
- The sprinkler's force of water is affected by different structure heights.
- Sprinkler is intended for children ages five years and older.
- Store sprinkler inside and do not use if temperature is below 50 degrees Fahrenheit.
- Use clean water and rinse thoroughly between uses.
- Check whether the connections leak water before use.
- Check whether the small holes along the black lines of pipes are blocked before use, clean if needed.
- Ensure all connections are secure before operating the sprinkler.
- Ensure the sprinkler is in the location where it will be used when you begin building.
- Check whether the small holes along the black lines of tubes are blocked before use.
- Do NOT leave water in the sprinkler after use.

# SPRINKLER PART LIST

Item	Description
A	20MM Pipe 13 CM
B	20MM Pipe 20 CM
C	20MM Pipe 38 CM
D	20MM Pipe 60 CM
E	20MM Pipe 76 CM
F	3D 3-Way Connector with Pipes
G	Flat 4- Way Connector with Pipes
H	3D 4-Way Connector with Pipes
I	3D 5-Way Connector with Pipes
J	2-Way Quick Connector
K	2-Way Male Thread Quick Connector
L	L-Style Quick Connector
M	End Cap Quick Connector
N	3-Way Quick Connector
O	3-Way Male Thread Quick Connector
P	1/ 2" Quick Connector
Q	1/ 2"-3/ 4" Tap Connector
R	1/2" PVCHose4M

Please Note:  
If water is leaking from the connections of items F,G, H, or I, please secure it by gluing the connector to the tube.

# ASSEMBLY/DISASSEMBLY

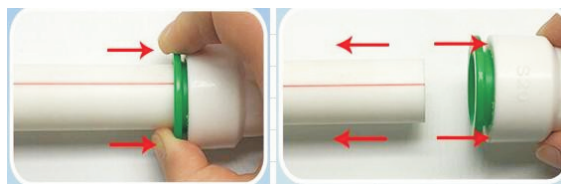

## Assembly

Place pipe into the quick connector.

## Disassembly

Press downwards on the green/yellow push button on the quick connector, and then pull out pipe.

Water Inlet Hose Set  
Connect P, Q and R.

*\*Please note: Different parts and quantities can assemble different structures.*

# OPERATING THE SPRINKLER

Connect item Q to items K or O. (Image 41 and 42)

Use item P of the Water Inlet Hose Set to connect to item Q. (Images 43 and 44)

Use the other item Q of Water Inlet Hose Set to connect your tap.

Allow water to flow through the sprinkler until it sprays out from the small holes in the pipes.

Open the water tap for the sprinkler slowly so that it should not affect the stability of the structure.

NOTE: Item Q fits only 1/2" and 3/4" Water Tap.

NOTE: Some holes of pipes may not spray water due to the water pressure and the height of the structure.

# SMALL SET PART LIST

## SMALL STRUCTURES

Item	Description	Qty
A	20MM Pipe 13 CM	8
C	20MM Pipe 38 CM	16
G	Flat 4-Way Connector with Pipes	4
J	2-Way Quick Connector	12
K	2-Way Male Thread Quick Connector	1
L	L-Style Quick Connector	4
M	End Cap Quick Connector	7
N	3-Way Quick Connector	4
O	3-Way Male Thread Quick Connector	1
P	1/ 2" Quick Connector	2
Q	1/ 2"-3/ 4" Tap Connector	2
R	1/ 2" PVC Hose 4M	1

## TIC TAC TOE

- Place the 4 Pieces Item G flat on the ground. (Image 1 and Image 2)
- Connect 12 pieces Item J with item G. (Image 3)
- Connect 8 Pieces Item A with item J. (Image 4)
- Connect 7 Pieces Item M with item A. (Image 5)
- Connect item K with item A. (Image 6)
- Adjust the black lines of item A according to where you want to spray water.

Game: You can teach Children the game to crawl under the middle tube of the door structure without touching the middle tube of the door structure.

*\*Please note: If you purchase the small set, you can only assemble the small structures.*

# MEDIUM SET PART LIST

## MEDIUM STRUCTURES

Item	Description	Qty
A	20MM Pipe 13 CM	8
C	20MM Pipe 38 CM	31
F	3D 3-Way Connector with Pipes	10
G	Flat 4-Way Connector with Pipes	4
J	2-Way Quick Connector	33
K	2-Way Male Thread Quick Connector	1
L	L-Style Quick Connector	4
M	End Cap Quick Connector	7
N	3-Way Quick Connector	9
O	3-Way Male Thread Quick Connector	1
P	1/ 2" Quick Connector	2
Q	1/ 2"-3/ 4" Tap Connector	2
R	1/ 2" PVC Hose 4M	1

## CUBE

- Connect 8 of item J, 2 of item N with 6 of item C and 4 of item F. (Images 14 and 15)
- Connect 18 of item J with 16 of item C. (Image 16)
- Connect 7 of item J, 2 of item N, 1 of item O with 6 of item C and 4 of item F. (Images 17 and 18)
- Connect the structures from the previous three steps. (Image 19)
- Adjust the black lines of item C to the direction that you want the water to spray.

# STORING THE SPRINKLER

1. Turn the water supply to the OFF position.
2. Release the Water Inlet Hose Set from items K or O.
3. Pull out the pipes from the quick connectors.
4. Empty any water left in the pipes.

NOTE: For longer term storage, release a few connections to ensure all water has been emptied from the pipes.

**Storage Bag for Small and Medium Set**

**Storage Bag For Large Set**

Use tubes and connectors from set, and the mesh bag to create this storage bin.
